Story Elements RTQT Questions

Links

[RTQT Questions](#)

Preparation

- Download and save all of the pieces of the game to your drive.
- These questions are on the Week 11 planning guide.
- Make sure students know and understand the RTQT framework.
- Students can work in small groups, partners, and/or individually in order to answer the questions.
- There is a five-minute timer on the slides to help you manage time. In the beginning, you might find some students/groups need additional time to write a complete RTQT. I just restart it if that's the case.

RTQT Questions

- Slides 1, 2, 4, 6 need additional information based on the text you are reading. You will need to fill in the blank before assigning to your students.
