### Preparation:

- Click on the links above and save to your Google Drive. You can print the quest activities or just share them to your student's Google Classroom.
- If you are using the response cards for the Let's Try section, print and cut out before your lesson. Alternatively, you can have your students write on white boards or make their own response cards on index cards.
- The quest activities can be completed with a partner or independently. You can print the quest cards or add them to their google classroom for them to complete digitally.
- **Go through the presentation before sharing with your students. You can edit, if needed!**
- If you would like to use the Quizizz practice, you will need to click the link above to get a code for your class. Go to slide 19 and add the code.

### Activity

- Go through the slides with your students or assign it to their google classroom and have them take notes.

- **Slides 12-18:** The answers are built into the slide with the yellow box.
  - **If you are having your students complete this activity independently and do not want them to know the answers, you can delete the yellow box.**
  - **If you are doing the Let's Try with your class, print the response cards, or have students make their own. Read the sentence and have them hold up their answer.**
